

FORGE A NEW PATH IN HEALTH IT

# POWER UP YOUR EHR

The *only* fully integrated Electronic Health Record that comes pre-populated with eighteen years of patient information.

We know you have plenty of great options for EHR systems. MHIN EHR is the only option that gives you a live, local support team 24/7, local implementation specialists, and is fully populated with 18+ years of your patient's complete medical records. While our solution is local, it is powered by Cerner, a global trailblazer in Health IT and electronic health records. With MHIN, you'll get the best of both worlds - a leading, innovative solution backed by the support of our outstanding service team.

24/7  
Local Support

24/7 WORLD CLASS, LOCAL SUPPORT

# MHIN EHR

The only fully integrated electronic health record that comes pre-populated with patient information, powered by Cerner.

## Features
